We understand that your agency has recently completed a threat analysis of Soviet attack submarine developments, focusing particularly on the Akula class. We understand that this study was made at the request of one of the committees of Congress. We would appreciate receiving a copy of this report as well as any other report on the Soviet attack submarine threat that was prepared at the request of a Congressional committee.

1. we send all finished intel to oversight committees
2. This paper is very highly classified and it is unlikely that GAO staffers would have the appropriate access.
3. CIA does not accept tasking from Congressional committees.
